**OGLESBY, IL:** Prop'd Marquette Cement Co. tracks ..... (1957)...\$5.  
**TERRE HAUTE, IN:** Track / Lease for Goodman & Wolfe ..... (1922)...\$5.

## CHICAGO ROCK ISLAND & PACIFIC:

This is the **LARGEST** collection of track blueprints I have ever offered. So large in fact, that I will only be selling them in sets, as there is no possible way that I can list them individually. These are being sold by station name. When you order a particular station name listed below, you will get **ALL** of the various different track blueprints that I have for that particular station, which is the reason for the higher than usual prices. Once a particular set of station blueprints has been sold, that's it. When they're gone, they're gone. All are original RR issue. In fact, **MANY** of these **ARE THE ACTUAL INK DRAWINGS ON A VARIETY OF VELLUM, BLUEPRINT, AND ONIONSKIN PAPERS**, master originals which the railroad made their blueprints from. Many of these are **VERY, VERY OLD**, however dates of issue tend to vary between the 1910's and 1970's. Detail is outstanding, with tracks, roads, property lots, RofW structures, industries, etc. outlined and shown, many with dimensions. Blueprints cover a variety of track-related work along depot vicinities, yards, industry tracks, etc. There are a small number of other blueprint types mixed-in, pertaining to depot floor plans, bridge plans, etc. *See prices below per set:*

**AGENDA, KS** ..... Set of 6 assorted track blueprints....\$20.  
**AGRA, KS** ..... Set of 7 assorted track blueprints + 2 bridge blueprints....\$28.
