RARE & UNUSUAL ITEMS

(Org) = Original item. (Bpc) = Bound-photocopy item.

ADLAKE 1950-ish PRODUCT CATALOG:

Hardware & Fixtures. This is the official, fully illustrated sales catalog of the Adams & Westlake Co., manufacturers of railway car hardware and fixture items, such as car door parts, handles, locks, knobs, folding lavatories, racks, shelves, faucets, gates, and other railway car accessories. This is said to be one of the last, or "the last" one issued by the company, somewhere around 1950 or so. Never used, overall in "like new" condition, but there may be some stickiness along the very bottom edge of the book. Nothing serious. Price has been reduced somewhat because of this. Superb illustrations throughout. In original green binder with yellow logo & title. Several of these are available 8.5"x11".....(12x,Org).....+/-100p.....\$33.

"AMERICAN RAILWAY TIMES" 1856 NEWSPAPER.

Choose from one of six daily issues of this RARE newspaper! Printed by Haven & Jones in Boston, Mass. Filled with a very WIDE variety of news pertaining to railroads all across the country, from operations to revenues to mergers, names of officials, problems plaguing the industry, you name it! Makes for some tremendously fascinating reading! Only four pages each, but page size is much greater than an average newspaper, 21" x 26" per page, and newsprint is much smaller. Roughly seven vertical columns per page, with plenty of news. Very minor rips along edge, and very few moisture stains, most unnoticeable. Overall in very excellent condition considering age. These have been WELL cared for. The back one-and-a-half pages are filled with rail-related advertisements, some with pain-
